Regulatory Position in Lincoln Park, NJ

At Ungerer, we are looking to hire a full time person to work in flavor regulation. The person will be responsible for regulatory documentation for liquid, spray dry, and dry blend flavors. Work commonly includes calculation of nutritionals, ingredient declarations, food allergens, GMOs, and similar work. The person will also be responsible for composing material safety data sheets (SDS), product specifications, and certificates of analysis.

We ideally want a person with a food science background who can start soon.

Interested students should send their resumes to John Ross, Director of Corporate Quality and Regulatory (jross@ungererandcompany.com) and Susan Shamieh, Senior Regulatory Specialist (sshamieh@ungererandcompany.com).
